Commissioner Eadie to Visit Coleman

Commissioner William Eadie will visit Coleman on Wednesday next, when a grand welcome meeting will be accorded him at the Institutional church at 7.30. On this occasion Mr. F. M. Pinkney will act as chairman, and a number of prominent citizens will tender addresses of welcome to the Western Canada head of the Salvation Army.

Commissioner Wm. Eadie

Commissioner Eadie came to Western Canada late last fall, to take charge of the Salvation Army work. He is a forceful speaker, whose words come from a full heart. Accompanying the Commissioner will be Brig. Phillips, training school principal; Major Alice Goodwin, newly appointed divisional officer for Southern Alberta; and Capt. Thomas Mundy, well known in The Pass as one of the officers who opened up Salvation Army work in the district. Capt. Mundy is now the Commissioner's private secretary, and his many friends will be glad to see him again. Friends are requested to come early to secure seats.

The local officers regret that it had not been possible to provide a supper for those who come from a distance, but a cup of tea will be served in the S. A. hall to those who bring lunch with them. The local train leaves Hillcrest at 4.25, Frank at 7.30, and Blairmore at 4.40. The Commissioner and party likely will be on this train.

Commissioner William Eadie, the newly appointed leader of the Salvation Army for Canada west, is a Scotchman by birth, and as a boy often "paid the burn" near Stirling town, where Wallace and Bruce fought against the Sassenach and—incidentally—won. His heroes were those of every Scott, Wallace, Bruce, Knox and the Scottish Covenanters. His love for adventure early caused him to leave the quiet of his home for the excitement and stir of the big outside world, and seemingly God's hand

was in it, for about one year afterwards he met a Salvation Army procession and was converted.

He served with great credit in divisional and provincial appointments in Great Britain; also as field and chief secretary. He was field secretary in Canada, and chief secretary in the United States. For the last seven years he has been in charge of Salvation Army work in South Africa, having lawfully left that country just recently to take up his present appointment as commissioner for Western Canada.

Mrs. Eadie, who was formerly known as Staff-Captain Keith, and was a prominent officer in the United States for many years, has taken more than her share of the perplexities and trials which are the ordinary lot of an army officer's wife, and to her ready helpfulness the commissioner owes much.

In Canada the new commissioner was a divisional officer, and the pioneering work in this country was not always as pleasant; while in the States, as chief secretary, he rode out a storm which was as sharp as it was perplexing. Commissioner Eadie, however, in this, as in all things, knew one thing—his duty. And he did it fearlessly, without fuss or hope of reward.

To describe the qualities which have enabled Commissioner Eadie to succeed would be impossible within the limits of this short sketch, but two or three might be mentioned.

Without affection or pride, Commissioner Eadie has been content to be natural. He is not one of the showy sort and he has not advertised himself. But his modesty has helped to endear him to those under him, and those who know him best delight to count him as a friend.

Commissioner Eadie has a fine sense of justice. He does not like to be imposed upon himself, and he is quite anxious that others should be fairly

Capt. Thomas H. Mundy

treated. But sometimes even absolute justice appears cruel, and Commissioner Eadie knows how to temper justice with mercy. Indeflexible in applying rule and regulation, he is the first to make allowances, and even to compromise where there is no principle at stake. He would never give away an essential, even at the risk of losing his head.

Commissioner Eadie is the personification of persistence. By keeping it up, rather than by rushing it, he succeeds, whether in administration or public work, whether it is a question of personal advance or the introduction of a

UPPER VIEW—Bellevue 1919 Mine Rescue team, namely: left to right—W. Fisher, J. McLean, H. Jepson, E. Fisher, T. Bradley.

LOWER VIEW—Blairmore 1919 Competing Team, namely, left to right—Ed. Royle (superintendent rescue car), L. P. Robert (Greenhill mine manager), Robert Patterson, Allan Hamilton, Marshall Hamilton, James Crowder (mine inspector), sitting—W. H. Chappell, J. A. Grenier. This team, with one change, will compete at Drumheller on July 1st.

new system of oversight. "The race is not," he would say, "to the swift, but to the constant." Perhaps that is the best index to his character, for in all the ups and downs of life, the sorrows and disappointments, the sickness breakers, as well as the victories and successes, Commissioner Eadie has steadfastly and consistently marched forward. On his unwavering fidelity to, and deep love for, the General and the Chief of the Staff, there is no need to enlarge; his devotion through long years of service is proof of this.

Senate Reports That H. B. Road Is Quite Feasible

Ottawa.—That the route to the Hudson Bay is feasible, that valuable fish and marine animals abound in the bay and strait, and that consideration should be given the matter of making Churchill, instead of Nelson, the terminus of the road, are the main features of the report of the special committee of the senate appointed to investigate the Hudson Bay route.

The committee, which had held 15 meetings extended over a long period, and heard 21 witnesses, makes the following findings:

1.—That the Hudson Bay route is feasible and will be probably in time profitable.

2.—That under present conditions the season of navigation would last at least four months, and may be by improvements and aid to navigation, considerably increased.

3.—That in the opinion of the committee sufficient care was not taken in the selection of Nelson as the terminus of the railway, and that the government should not make further important expenditures on this port without first making a new and thorough examination into the relative merits of Churchill and Nelson as the terminus.

4.—That the waters on the strait and rivers tributary to the bay team with fish and valuable marine animals, and the committee believes the bay is equally well stocked.

5.—That mines already discovered in the Hudson's Bay district are of sufficient natural richness to indicate the existence of great potential mineral wealth. The committee believes it cannot too strongly endorse the suggestion of Vilhjalms Steffanson as to the culture of reindeer and muskox and urge upon the government that the department of the interior be empowered to take hold of this matter, earnestly to advance it.

What has been done in this regard by the U. S. government.

Explosion on Warship
Rebo.—Fifty Japanese men are missing and shipping in this harbor has been seriously damaged by an explosion of gasoline on the steamer Eiraku Maru. The explosion shook the city like an earthquake.

Coal Miners Get Increase

Contract Men Are Granted Advance Of Seven Percent Over U. S. Award

Calgary.—An agreement was concluded by the coal operators of Alberta and the representatives of the U.M.W. of A. whereby a 27 percent increase will be given to all day men over the October scale, to be retroactive to April 1. This increase includes a preliminary 14 percent increase given last January. The contract men will get 25 cents a ton increase and 27 percent increase on the war bonus of 92 cents. This is seven percent more than has been awarded in the United States central competitive field. The agreement is to be submitted to a vote of the miners.

Clash With Irish Rebels

Raiders Fled, Leaving Material Intended for Firing Court House of Irish Village

Belfast.—A pitched battle, resulting in numerous casualties was fought in the village of Lisselick, near Enniskillen, when a patrol of Ulster volunteers surprised 50 raiders who were about to burn the court house. Many of the Ulster men were wounded, one being shot through the lung. The raiders' casualties are estimated at seven. These men were carried off by their comrades. Inflammable material was found outside the court house by a detachment who arrived after the flight of the raiders.

Big Price for Kipling Manuscript
New York.—Four thousand dollars was paid in the Anderson gallery for the complete original manuscript of the first story in Rudyard Kipling's "Jungle Book" in the author's handwriting.

Italian Cabinet Resigns
Rome.—Premier Nitti announced in the chamber of deputies that the cabinet had resigned.

Increased Postage For Newspapers

It Will Also Cost Ten Cents Now to Register A Letter

Ottawa.—Amendments to the post office act, introduced in the house by the government, provide for an increase in the registration fee on letters and other matter passing through the mails, from 5 to 10 cents. The rate of postage on newspapers and periodicals printed and published in Canada, and issued at intervals of less than one month is increased from 1c to 2c per pound or fraction thereof.

Newspapers and periodicals which are to be transmitted for a distance of more than forty miles, or the publication of which is of greater frequency than once a week, shall be subject to postage at the rate of 1c a pound or fraction thereof for the following year. This postage is to be affixed by stamp or as the postmaster-general may decide.

Echo of DeForge Case

Manitoba Appeal Court Changes A Manuloguer Charge to That Of Murder

Winnipeg.—One of the most remarkable appeals ever heard in Canada was called when the Manitoba Court of Appeals delivered judgment in which W. H. Emick, Harold Burdick and Jack Clements were found to be guilty of murder in connection with the killing last October of W. J. DeForge. The three accused were found guilty of the last act of manslaughter and sentenced to long terms in the penitentiary. The crown appealed the case. They are, however, not seeking a new trial on the more serious charge, bringing up the appeal only for the purpose of deciding a fine point of law. The decision will have no effect upon the men sentenced.

Ravages of Windstorm

More Than Thirty Counties of Minnesota and Part of North Dakota Affected

St. Paul.—Seven persons killed, more than 100 injured, and property losses that will aggregate hundreds of thousands of dollars were the toll taken by a terrific wind and electric storm that swept northwestern Minnesota and eastern North Dakota.

Partial restoration of wire communication disclosed a slowly mounting death list, and fears were expressed that final reports from sections still isolated might increase the casualties. More than thirty Minnesota counties were more or less seriously affected by the storm which was felt with diminishing intensity in Minneapolis and St. Paul.

The monetary damage is confined to small houses, barns, other buildings, livestock and trees.

Near Grey Eagle, 25 of the 30 cottages in the summer colony at Birch Lake were leveled.

In addition to one killed, 15 persons were injured there, several seriously.

British Troops Withdrawn

Bonar Law Denies the Bolshevik Report of Revolution in Persia

London.—In the commons, Bonar Law was asked if there were any grounds for the Bolsheviks' boasts of the rout of British forces at Reishit, Persia, said there was no justification for the reports, which were probably based on the fact that the British were some time ago voluntarily withdrawn from Reishit, under the scheme for reducing British commitment abroad.

Mr. Law also said that if the United States refused the mandate for Armenia it was not likely that Great Britain would accept it.

The house was informed that Gen. Dyer was not voluntarily resigning his command after the Amritsar affair.

Mr. Law announced that discussion of Gen. Dyer's case would be postponed until after the general had been heard by the army council.

From Paris to Warsaw Flight
Paris.—Lieut. Henri Regnier, the French ace, who recently completed a round trip flight across the Mediterranean, took the air this morning in an attempt to make a non-stop flight from Paris to Warsaw.

It was the first leg of an "Around Europe" trip.

Sugar Rationing in United States
New York.—Rationing of sugar in war time, will go into effect in hotels and restaurants all over the country, on June 21, Annis W. Riley, assistant to Attorney General Palmer has announced here.

Modify Naturalization Laws

Franchise Act Amendment Expected Shortly in the House

Ottawa.—The minister of justice will shortly introduce a bill in the house to amend the naturalization act. The chief provision of the bill, it is understood, will deal with the ten-year clause adopted in the act of last year, which has aroused so much controversy. Under the clause persons of alien enemy birth are barred from obtaining a naturalization certificate for ten years from the declaration of peace.

It is recognized that the clause has operated as a hardship in the case of certain residents in Canada, born in Germany or Austria, against whom there is no complaint. The bill, it is said, will make a modification in the clause, in that it will give discretion to the secretary of state to grant naturalization certificates to meritorious cases where the applicant has already been resident in Canada for ten years or more.

Unification of Two Railways

Changes Have Been Made in Passenger Service on Government Lines

Ottawa.—Hon. J. D. Reid, minister of railways, stated that the recently appointed committee of the operation of the Grand Trunk and Canadian National railways was proceeding as rapidly as possible with the unification of the two systems. Consolidation of dual routes at various points already had been decided upon, and details of the changes are now being worked out.

Important changes may be looked for through the consolidation of the Canadian Express and National Express companies, by which efficiency of express service may be secured and the economies effected.

Combined through passenger services have been authorized as follows. To take effect June 27: 1. Daily passenger train service between Montreal and Sudbury, via Grand Trunk to Ottawa, then Canadian National to Sudbury, via Capreol. Also the tri-weekly operation of this train to and from Winnipeg.

Daily passenger train service between Toronto and Winnipeg via Grand Trunk Railway to North Bay, Temiskaming and Northern Ontario railways to Cochrane, then Canadian National to Winnipeg.

These trains connect at Winnipeg with daily passenger train service between Winnipeg and Vancouver, via Grand Trunk Pacific railway and the Canadian National railways.

Meteor Falls in Oklahoma

Four States See Fiery Body Crossing Southwestern Skies

Oklahoma, Okla.—Geologists will examine a huge meteor which fell and burned itself out near here after lighting the sky over several southwestern states. Hundreds of persons saw it as it streaked across the sky, and Oklahoma watched the meteoric flight, reports said. Tulsa, Okla., reported that when it passed over that city the meteor appeared to be within a few hundred yards of the earth and that the lower and heavier portion was of a greenish blue color, followed by a long, wedge-shaped tail.

C. B. Smith, an astronomical authority at Muskogee, said he believed the meteor was thrown off from a destroyed planet between Jupiter and Mars, as it appeared to travel from west to east.

Fight With Forest Fires

Ontario Steadily Saved From the Forest Blaze After A Severe Struggle

Cobalt, Ont.—For three days and three nights, practically without any sleep, the women, men and children of Boston Creek batted to save their town from a terrific forest fire which swept down upon it. They battled successfully, but in the meantime communication was cut off and they were many who feared that the town had been wiped out. Later, however, word that the town was safe was received through the mails.

From Gawanda comes news of a menacing fire which threatens the Bonall mine. The O'Brien power transmission line has been burned and Wigwam is threatened, along with the big sawmill there. Timmins and Porcupine are not molested.

W. N. U. 1320

Board of Commerce May Publish List Of Sugar Profiteers

Optimistic Crop Report

C.N.R. Service Says That Indications Are Uniformly Encouraging

Toronto.—The detailed crop report of the week ending June 5, compiled by agents in the territories served by the Canadian National railway line, between the Great Lakes and the Rockies, is uniformly encouraging. There appears to be plenty of moisture and there are only a few points where a small amount of reseeding has had to be done on account of the high winds. There is no indication of trouble anticipated, and wheat especially seems to be well advanced throughout the areas served by the Canadian National railway. Wheat seeding may be said to have been completed, and the seeding of coarse grains progressing finely.

Reverses for Bolsheviks

London.—Anti-Bolshevik forces in the Crimea have begun an offensive movement which is reported from Moscow to have won initial successes. The Bolsheviks retrieved part of the ground lost, however, the Soviet official communique claims.

Reports that Russian Bolshevik forces of the northern Polish front have been forced to retire are confirmed in an official statement issued at Moscow and received here by wireless.

De Valera May Sneak Back

Chicago.—Eamonn De Valera, the Irish leader, said here that at the conclusion of the Republican convention he would go to San Francisco, and afterward to New York city. Although he announced no further plans, a member of his party said that when he went back to Ireland he "would go by the Zig Zag route," explaining that this meant in a roundabout way, to avoid detection by British authorities.

Production Only Means of Paying Our National Debt

Saskatoon.—A feature of the land congress held in the G.W.V.A. under the auspices of the Saskatchewan land settlement association, was the speech of Robert J. C. Stead, director of publicity of the department of immigration and colonization, Ottawa. He spoke on "Immigration and the National Debt."

Mr. Stead opened his remarks with a statement that the appeal of his subject, "Immigration and the National Debt," was not strong, and that immigration should not be approached from the point of view of paying debts. "If the emigrant enters this country he naturally assumes his share of the national debt, but at the same time he also sheds his responsibility to the country which he leaves."

Mr. Stead explained that he did not come to the congress commissioned by the minister in Ottawa as regards anything that he might say, but that he was going to express his own opinions and did not think any the less of them because they were his own.

"Population will not pay the national debt," he declared. "Greater production is the only means. It is an unfortunate fact that under the present high rate of living there is too great a laxity to look back and examine the cause for such a rate. We are living in an age of invention which is the result of this great advancement; population began to centralize in the cities.

Markets for the large amount of goods then produced were needed. Advertising came into being and the element of personal selfishness was engendered in munition work, Canada furnished to the direct prosecution of the war nearly one-ninth of her population."

Ottawa.—The board of commerce proposes at an early date to issue a list of persons and firms liable to indictment for sugar profiteering.

The list contains the names of retailers and wholesalers and the located in many parts of Canada, chiefly Ontario and Quebec.

Whether prosecution will follow depends upon the decision of the attorney-generals in each province. These officials will be furnished with particulars of the profiteering alleged by the board and it is up to them to indict the offenders under the criminal code as provided for in the Combines and Fair Prices Act.

The announcement that this list would be made known at an early date was initiated by W. F. O'Connor, acting chairman of the board.

Von Kluck Leaves Fatherland

Finds That Life in Germany is Intolerable and Seeks New Home

Geneva.—Field Marshal Alexander H. R. Von Kluck, who commanded the right wing of the German army in its advance on Paris in 1914, has arrived with his family at Aarn, 41 miles northeast of Bern. He declared today that life had become intolerable in Germany and said he intended to buy a chateau and live in Switzerland henceforth.

Field Marshal Von Kluck was one of the Germans demanded for trial by the allied governments. He was accused of the assassination of hostages at Senlis and the massacre of civilians at Aerschot.

Hon. James Dunsmuir is Buried

Victoria, B.C.—The remains of the Hon. James Dunsmuir, former lieutenant-governor and premier of British Columbia, were buried here on Wednesday. Lieut.-Col. Foster, aide to the governor-general of Canada, represented his excellency.

Amendments to The Luxury Tax Are Forecast

Ottawa.—Important changes in the luxury taxes are pending. In the house Sir Henry Drayton, minister of finance, indicated some changes he intends to propose. In brief they are:

(a) Boots and essential articles of clothing to be taxed 15 percent on the excess, instead of ten percent on the total selling price.

(b) Expensive furniture, walking sticks and expensive china to be subjected to luxury tax. They were not previously included.

(c) Exemption limit, increased, on furs, coats, caps, muffs, neckpieces, robes and rugs.

(d) modifications in the tax of sporting goods, velveteens, lace and velvets, braids, ribbons and carpets.

Sir Henry did not give formal notice of his proposed amendments. This will be given later. He, however, made it clear to the house that the taxes as laid down in the budget speech would be still in force for the present. "Nothing said tonight," he declared, "will alter the present law until the resolutions have passed the house."

Sir Henry suggested that the tax on boots, shoes, pumps and slippers might be raised from ten to fifteen percent on all those costing over \$9. The tax to be figured on the excess over \$9, instead of the total cost of the articles.

Sir Henry submitted further amendments regarding essential articles of clothing. Instead of ten percent on the full cost the tax on tape for sewing articles, if present suggestions are adopted, will now be fifteen percent on the excess.

Trousers sold separately from suits, in excess of \$12 per pair; coats, men's and boys', sold separately from suits (not including leather coats lined with sheepskin), in excess of \$25 each.

Cloth overcoats, men's and boys',

women's and misses', in excess of \$50 each.

Waistcoats, men's, sold separately from suits, in excess of \$5 each.

Suits (except silk), in excess of \$60 each.

Coats, women's and misses' sold separately from suits (except silk) in excess of \$35 each.

The further stipulation is made that on articles of clothing, the selling price of material and the cost of manufacture, when sold separately, are to be combined for determining the selling price.

No change, Sir Henry added, was proposed on the tax on articles which might be regarded as an extravagance entirely within the control of the purchaser.

Sir Henry proceeded that he proposed to include walking sticks as subject to the luxury tax. Fur coats would be exempted up to \$200 value, instead of \$100, as provided in the original resolution.

The exemption "on winter fur gloves would be increased to \$15, on fur caps to \$15, on muffs and neckpieces to \$35 and on robes and rugs to \$50. Knitted sweaters and sweaters had not been included in the original resolution. It was proposed to include them now.

A modification was proposed, Sir Henry added, in regard to the sports and games. Articles required for the popular games would be exempted from tax up to a certain amount, as, for instance: baseballs and bats, except up to \$1.25; mitts and gloves, except up to \$1.50; skates except to \$2; footballs, except to \$3; lacrosse sticks except to \$1.50; hockey sticks except to 75 cents.

A tax of 15 percent was also proposed on all extravagant furniture of walnut, mahogany, rosewood, ebony, primers, etc.

A tax would also be placed on expensive china and crockery.

The Raising of Sheep.

In introducing the estimates for his department to the House of Commons the Hon. Dr. T. McInnis, Dominion Minister of Agriculture, pointed to the fact that in Australia there are no fewer than 80,000,000 sheep, in the United States 40,000,000, in Great Britain 27,000,000, and in Canada only 3,500,000. As shown in The Agricultural Gazette of Canada for May, efforts are being made in all the provinces to remedy this backward thing. That is to say encouragement is being given to the raising of sheep in a variety of ways—by pure-bred rams being distributed or sold on easy terms, by the holding of competitions, at which generous prizes are given for the best ewes and for the best fleeces, by obtaining the highest price for wool through the Departments, and through the Canadian Co-operative Wool Growers Association, by organized sheep sales, and, as in Ontario in particular, by placing flocks on a share basis. Amended legislation has also been passed for the protection of sheep from dogs. As a sample of the good work that is being performed it might be mentioned that in Saskatchewan in the last four years the amount of wool consigned to the co-operative branch of the Provincial Department of Agriculture increased from 179 consignments, weighing 69,404 pounds, for which the average price realized was 17 1/2 cts., to 916 consignments, weighing 394,008 pounds, at an average price of 61 1/2 cts. per pound. The articles in The Gazette would imply that what has been done in Saskatchewan is also being accomplished in the other provinces of the Dominion.

A Girl's Essay on Boys

"Boys are men that have not got as big as their papas, and the girls are women that will be ladies by and by. Man was made before woman. When God looked at Adam he said to himself, 'Well, I think I can do better if I try again.' And he made Eve so much better than he did Adam that there have been more women than men ever since. Boys are a trouble. They wear out everything but soap. If I had my way the world would be girls and the rest dolls. My papa is so nice that I think he must be a little girl when he was a little boy. Man was made on the seventh day. He rested. Woman was made and together man or God has rested since."

Blairmore, Alta., Thurs., June 17, 1920

Complete One Union First

Informal approaches were made several months ago by Archbishop Matthews in behalf of the House of Bishops of the Church of England in Canada, to Rev. Dr. S. D. Chown, general superintendent of the Methodist church, with a view to the inclusion of Anglicans and Methodists in the proposed union of Methodists, Presbyterians, and Congregationalists. The Methodist General Conference special committee went on record with reference to the matter as follows:

"We cordially welcome the proposal from the Board of Bishops of the Church of England in Canada to consider a more comprehensive plan of church union, but in our opinion we think that the union now contemplated should be completed before a larger ecclesiastical union is brought about."

New Municipal Hospital District: Will Centre on Pincher Creek

Announcement is made by the Hon. C. R. Mitchell, Minister of Health, that under the provisions of the Municipal Hospital Act the undermentioned area has been organized into a Municipal Hospital District, namely:

Municipal District No. 10—All that portion west of Waterton River. All of Municipal District No. 39. All of Municipal District No. 40. All of Municipal District No. 70, excepting that portion in townships 7, 8 and 9, range 3, west of the 5th meridian. Improvement District No. 100—Township 10, range 30, west of 4th meridian. Improvement District No. 101—Township 10 and 11, ranges 1 and 2, west of the 4th meridian.

Town of Pincher Creek. Village of Cowley. Village of Pincher City. Further organization work will be proceeded with and the scheme will be submitted to a vote of the ratepayers in due course.

Miners Get Increase of 27 per cent

Miners of District No. 18, U. M. W. of A., and members of the Operators' Association, signed up a new two-year agreement at Calgary after negotiations which have been in progress since May. The vital terms of the new agreement are given below, and indicate a general increase of 27 per cent in the wages of the men. This increase absorbs the 14 per cent granted last December when the agreement between the miners and operators in the central coal-mining field in the United States was reached.

Local operators look upon the new agreement as one of the great West increases gained by the miners in the history of the field, and declare that it is considerably better than the agreement secured by the U. S. bituminous miners. In the U. S. field the increase granted was 24 cents, a ton, \$1.03 a day for wages and 20 per cent for yardage and dead work. In the local field the agreement was secured by the operators throwing in the 92 cent war bonus and basing a straight 27 per cent increase thereon. In the case of a 100-tonner, he will now receive \$8.35 per day as against \$6 per day in U. S. bituminous mines.

For nearly two weeks now there has been a deadlock between operators and miners over the retroactive clause but this was finally compromised, the miners throwing off a rider to the agreement and the operators granting the new agreement from April 1, 1920.

Following is the report of the subcommittee, which formed the basis of the agreement and which was accepted by both parties:

We, your subcommittee, beg to report and recommend the following as the basis for a joint agreement between the miners and operators of Alberta, and Eastern British Columbia:

1. A contract to be made, effective from April 1, 1920, to March 31, 1922. 2. That the retroactive money from April 1st shall be paid out on or before August 1, 1920. 3. This contract is made and entered into for the sole use of the members of the United Mine Workers of America and the members of The Western Canadian Coal Operators' Association. All men who work in and around the mines who are eligible to become members of the United Mine Workers of America shall join that organization and agree to elect check-off for the assessments and fines, and the management of the

mines agree to forward deductions made to the acting secretary of the district or such other person as that official may designate.

4. (a) That all day wages rates in effect on October 31, 1919 (which shall include the 92c war bonus) shall be advanced 27 per cent.

(b) Except in lignite fields, all contract tonnage rates and contract yardage mining rates in effect October 31, 1919, be advanced 27 per cent.

(c) That the tonnage rates in the lignite fields be advanced 24 cents.

(d) That all yardage, room, turning and dead work rates in effect October 31, 1919, be advanced 20 per cent.

(e) That the application of the H. C. E. 92c on contract miners' wages be made by adding the 27 per cent on the 92c, or \$1.17 to his wages for each day's work.

(f) The 1917-1919 agreement be used as a base, and no changes other than above indicated to be made unless the same has been made by order of the Directors of Coal Operations or by mutual consent by the two interested parties, except the selling price of explosive supplies and fuel.

Signed on behalf of The Western Canadian Coal Operators' Association: R. S. Qrd, acting chairman; John Stanks, Benjamin Canfield, George Kellock, L. E. Donaldson, George V. Lippert, Lewis Sweeney, W. F. McNeely, co-chairmen. Signed on behalf of the United Mine Workers of America, District No. 18: Frank Wheatley, Wm. Hutchinson, John P. White, R. Livett, Robert Gilchrist, Robert Peacock, Norman McDonald, Louis McLeod, secretary.

Dated June 10th, 1920.

He Declined to Give

A resident of New York, having been requested to contribute a donation to some cause, declined in these words:

"I have your letter requesting a donation for what you consider a very worthy cause. I flatter myself that I have a spirit of loyalty and generosity. I have contributed to each and every object that has been presented to me, but I certainly have to decline to help this cause, for the following reasons:

"I have been held up, held down, handicapped, walked on, set on, set over, battered out and squeezed, first by the United States Government for the Liberty Loan Bonds and the bonds of patriotism; in the State of New York for the State tax, the highway tax, the income tax, surtax, the auto tax, school tax, dog tax, cat tax and syntax. I have been held down to brass tax ticks by every society and organization that the mind of man can invent to extract what you have or may not have, from the Society of St. John the Baptist, the G. A. R., the Women's Relief Corps, the Men's Relief, the stomach relief, the welfare, the handmaiden, the children, the consciousness, the Navy League, the Belgian Baby League, the Red Cross, the double cross and every other cross of all colors, and by the Children's House, the Nurses Society, the various hospitals, including the lying in hospital, the lying-in hospital, as well as some other lying institutions.

"My income has decreased in volume owing to Government restrictions and persecutions of properties I am interested in, and because I will not sell all I have and go to beg, borrow and scrounge. I have been seen and discussed; boycotted, talked about, lied to, and about, held up, hung up, robbed and nearly ruined, and the only reason I am clinging to life is my curiosity to see what hell is coming next.—Press of E. W. Gillett Co. Ltd., Toronto.

Largest Mine Rescue and First Aid Contest Held in Canada

The mine rescue and first aid contest to be held in the town of Drumheller, Alberta, July 1st and 2nd, will be equal to any of the largest mine rescue and first aid contests held on the American continent.

This very important work, which is directly attached to the coal mining industry of the province of Alberta, can place on the field a very high percentage of trained mine rescue men in proportion to the number of men employed in underground operations in the province of Alberta.

There have been over 1000 men trained in this work, and at present there are 300 men throughout the Province taking regular monthly training in mine rescue work. The greatest interest is being shown all over the Province regarding this mine rescue and first aid contest, and with the organization abilities of Mr. Duncan McDonald, General Superintendent of Mine Rescue Work, Calgary, and his superintendents in charge of mine rescue cars and stations in the province.

Samuel Troman, Supt. of Mine Rescue Stations, Lethbridge; James Stewart, Supt. of Mine Rescue Station, Jasper Park; James Durberry, Supt. of Mine Rescue Station, Mountain Park; Edward Royle, Supt. of Mine Rescue Car 1, Blairmore; William Powell, Supt. of Mine Rescue Car 2, Camrose; John H. Hooks, Supt. of Mine Rescue Car 3, Drumheller, and with the co-operation of the employees, managers and operators of all coal mining companies in the province of Alberta, has resulted in the success of this very important work, both in the training and the annual contests held in the Province.

All the events to be taken part in by the contestants will be rescue, exploring and repairing work, that is necessary to be done directly after any serious mining disaster.

The citizens of the town of Drumheller are giving every support to make this mine rescue contest one of the largest events that has ever been featured in Canada. The town is having two field days' sports: parade, baseball, football, horse racing, and general sports. Also the citizens of this town have donated to the mine rescue and first aid legs \$400.00 in cash, and are giving a total in prizes of \$2,500. Two aeroplanes will be flying during the two days' events.

Mine rescue teams that will take part in the big contest, representing coal mining companies in the Province, are as follows:

West Canadian Collieries, Ltd., Bellevue; West Canadian Collieries, Ltd., Coalhurst; U. P. R. Mine, Bankhead; Brown Collieries, Ltd., Norridge; Drumheller Land Co. Ltd., Drumheller; Lys-Jacobs Coal Co. of Drumheller, Ltd., Drumheller; Alberta Brick Coal Co., Ltd., Drumheller; Burton E. Brooks Mine, Drumheller; North American Collieries, Drumheller; Rosedale Coal Co., Ltd., Rosedale; Western Commercial Coal Co. Ltd., Wayne.

First and teams taking part in the contest:

International Coal and Coke Co., Ltd., Coleman; McGillivray Creek Coal and Coke Co., Ltd., Coleman; Brown Collieries, Ltd., Norridge; Drumheller Land Co. Ltd., Drumheller; C. P. R. No. 6 Mine, Lethbridge; West Canadian Collieries, Ltd., Bellevue.

There is \$10,000 being given in prizes to the winning contestant in this mine rescue and first aid contest, and a large number of mining men in the province of Alberta and from the provinces of British Columbia interested in this work, will be in Drumheller during the two days of the contest.

Cowley Happenings

Mrs. James Smyth has arrived from Vancouver.

The dance held in the Tustian hall on Saturday night was well attended.

The farmers are forced to reseed a lot of their fall wheat that the worms have killed.

Mr. Fink and daughter Ruth, of Tennessee district, were Cowley visitors on Saturday.

Mr. Coates has returned from Ardnoy, where he has been helping with threshing.

Two hives of bees have arrived for Mr. Moore. There are seven thousand bees in each hive.

The Roman Catholics held their regular monthly service in the Music hall on Sunday last.

Mr. Hargrove and Miss Nellie McWilliams attended the teachers' alliance convention at Blairmore Friday.

The next meeting of the West Wind Club will be held on Wednesday at the home of Mrs. H. C. Morrison.

Rev. Cameron, of Lethbridge, held service in the Presbyterian church on Sunday at 7:30. A good crowd attended.

Mr. and Mrs. Thomas Webber and Master Harold have returned home, after spending several months in Florida.

A number of Lundbreck people came over to witness the ball game between Cowley and Pincher Creek and to attend the dance in the Tustian hall on Saturday night.

The Pincher Creek high school boys played against the Cowley team in a game of baseball on Saturday evening. Cowley won. Quite a number of people were up from Pincher Creek to witness the game.

On Thursday evening a bunch of Cowley natives gathered at the home of Mr. and Mrs. James Smyth for the purpose of a challenge to the newly-weds. The bing! bang! bang of pans, guns, bells, etc., kept up till after midnight, when Mr. Smyth called them all in for a treat.

St. Trono has purchased the fine big McLaughlin car from Mr. Liddle of Coleman.

Watkins Spark Plugs "Take"

Just a few principal points to SHOW YOU:

It's a REAL plug—not a "5 and 10" affair. It's for SERVICE, not to look at. Its drum is of STEEL—not cast iron, so it does not expand and blow the porcelain into smithereens.

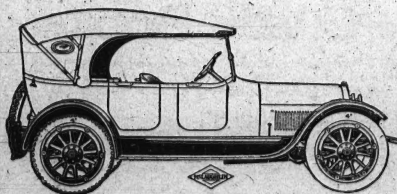

It has SUB-PLATINUM POINTS that will outlast and give a better and hotter spark than any ordinary plug. The porcelain is of ENGLISH CLAY (Kaolin) baked to resist 2000 degrees heat—400 more than any car or gas engine generates. Sizes to fit any auto, truck, tractor or gas engine. Order a set by mail, phone, or in person from

As it is Spoken

In a British railway carriage of the type known as "American" because unlike the majority, it has an aisle running the length of the car. Two U.S. soldiers in khaki were standing in the aisle. Nearly seated a prim and elderly English lady and her daughter, who were gathering their belongings, preparing to alight at the next station.

Suddenly the old lady nudged her daughter and whispered: "Mary, mind what I say! When we get off do just as I do, and back down the aisle. I can't tell you why now." Daughter obeyed and both ladies left the train as it departed from the presence of royalty. Safely arrived on the platform, the daughter naturally asked why. "Mary," said her mother, "you saw those two American soldiers—they call them 'doughboys.' I believe. Well, when we started to get on I overheard one of them say to the other: 'When those two dames get off we'll pinch their seats!'"—Ex.

This cartoon appeared in papers all over the country last December. Clippings of it were sent in from Chicago, San Francisco and New York City. It is reproduced from one of Goldberg's

amusing strips. It is with perfect freedom that we reproduce this cartoon, even though West-coast are short. We have no fear of competition from that source. In fact, if you must know the truth, we do not fear competition from any source. We welcome it, which is not half as conceited as it sounds.

We have no dream of cornering the alarm clock business. We merely want to continue to grow, to build better clocks, to serve more people. Business without competition would cease to be interesting. We rather look forward to the time when competitive selling is permissible. When that time comes, Goldberg's simple arrangements will be so expensive as to be prohibitive.

Gives Effective Relief in Five Minutes and Cures Perfectly

FINE FOR COUGHS OR COLDS

It was their inability to reach the real source of catarrh and bronchitis that caused the medical profession to drop liquid cough medicines and adopt "Catarrhozone" instead. This wonderful inhaler provides a method of breathing into the lungs certain rare medicinal vapors which are so healing and comforting as to entirely banish coughs, catarrh and throat trouble in a very short time.

The most wonderful thing about Catarrhozone is, that no matter where the germs of bronchitis or catarrh are hidden, Catarrhozone will reach and destroy them.

Get the large size, lasts months, is sure to cure you, price \$1.00, smaller size, 50c; sample or trial size, 25c. All dealers.

Love of The Wild

— BY —

ARCHIE P. McKISHNIE

Printed by Special Arrangements with Thos. Allen, Toronto, Ont.

(Continued.)

She passed from the room, and Boy sat huddled before the table, his head in his hands, his eyes fastened upon the guns hanging on the wall. From the shadows Big McTavish's fiddle was waiting. "Ye Banks and Braces," the fire died and the long-armed shadows reached and groped about the room, touching the dried venison strips and the hams and bacon hanging from the ceiling, glancing from the oily green hides stretched for curing on the walls, hovering above the bundles of pelts and piles of traps in the corners of the room. But Boy's mind was not on these trapping activities that soon would better his times once more. In his soul he was pondering over the question of this new unrest: a question which must be answered sooner or later by somebody.

CHAPTER III.

The father arose and hung the fiddle on its nail.

"Best go to bed, Boy," he yawned, picking up the huge clasp-knife with which he had been shaping the handle and putting it in his pocket. When he withdrew his hand it held a letter.

"Well, now, if I didn't forget all about this here epistle," he exclaimed frowning. "Jim Peeler gave it to me this afternoon. That man Watson the land-agent at Bridgerton, gave it to Jim to give me. You read it Boy, and see what he wants."

Boy took the letter and broke it open with nervous fingers.

"Watson says he's comin' over to see you tomorrow, Dad. Seems like he wants to get hold of this place."

"By hickory!" expostulated the father, "what do you think of that?"

"What do I think? It's just what I expected, that's all."

Boy lifted the window and leaned out. The moon was shining down on the outer world with a soft radiance. The bark of a wolf came faintly to his ears from the back ridges. Old Jot lay stretched in the moonlight beside the ash-leach. As Boy watched him the dog arose, shook himself happily, turned three times around, and lay down again. An owl hooted mournful maledictions from a neighboring thicket, and in the nearby coop the fowl stirred and nestled down again, heads beneath wings. Boy came back and stood beside his father.

"I guess maybe Jim's selfish, dad," he said slowly. "It isn't for me to say what I think, although it's mighty good of you to ask. This place ain't mine, it's yours. You've worked hard and long to clear what you have cleared here, and there's a great deal more than any of the other Bushwhackers have done. I haven't been anything of a help to you much. Course I could be from now on. I'm a man growned, nearly, and as soon as the trapper is over I might pitch in and help you with the logging."

The father laid his pipe down on the table and combed his long beard with his fingers.

Your Eyes
Granulated Eyelids, Eyes inflamed by exposure to dust, heat, and cold, quickly relieved by Martin's Eye Remedy. No smarting, no stinging, no burning. Put Eye Remedy in Your Eyes or on the Eye-lids. For Sale at the Eye Store, 1000 Main Street, Chicago, Ill.

W. N. U. 1320

"Boy," he said, "every hanged stick of timber and every foot of this four hundred acres of bushland is as much yours as mine, and you know it. I ain't wantin' to clear the land any more than the rest of the Bushwhackers are. What do I want with cleared land? Gosh, what's the use of it? It's as loose as the woods that I could not live. I can't sleep now if I don't hear the trees swishin' and the twigs poundin' the roof nights. And ain't we tolerably happy, all of us together here, even if the little ma is poorly sick and it's mighty hard to be able to help her? And ain't we hopin' and prayin' that she'll get to be her old self once more, here where the woods breathes its own medicine. And don't we know them prayers'll be answered?"

He bent over and laid his big hand on the lad's shoulder.

"Then we'll naturally put in some great nights, crackin' hickory-nuts by the fire and playin' the fiddle. Why I wouldn't part with one acre of this piece of bush for all the cleared land in western Ontario."

Boy stooped and picked up the letter.

"Watson writes that he has a cultivated farm near Clearview that he'll swap for this of ours," he said.

"Where's Clearview, dad?"

"Why, it's a strip of sandy loam between Bridgerton and Lake Erie. It's to light even to grow Canada-thistles. Well, I guess maybe Watson would be willing to swap that sand for our place. I don't like that man Watson. I can't say why, unless it's on account of some things I've heard of him and that other fellow, Smythe, who's a partner of his in some way."

"You mean the Smythe who keeps the store at Bridgerton?"

"The same. You know him pretty well, I guess. He cheated you out of a dozen mink-hides, didn't he?"

"He tried to," answered Boy with a smile.

"Mr. Watson'll find that we're not wantin' to trade farms," affirmed the father.

"That's 'Gloss,' suggested the Boy. "If she was where there was a good school—" He hesitated and looked at Big McTavish.

The man laughed.

"Why, bless your heart," he cried, "you couldn't drag the girl away from this bush. She loves it—loves every nook and corner of it."

Boy sighed.

"She sure does," he agreed. "She sure does."

The father brought a pine board from the woodbox and began to whittle off the shavings for the morning fire-making. This done, he gathered them together with a stockinged foot and glancing now and again at the boy, who had resumed his old attitude.

"Watson and Smythe want to get hold of our property for some reason," said the father, "and I reckon" his pretty easy to guess who they're trying to get it for. It's that big land-owner, Colonel Hallibut, who has his mill on Lee Creek. I hear that Col. Hallibut swears that he'll own every stick of timber in Bushwhackers' Place."

"That's what troubles me," returned Boy. "You know what them rich Englishmen are like, dad. They have always got hold of everything they wanted, and now this one is goin' to try and get our place. But we ain't goin' to let him," he cried, springing up. "We'll fight him dad; we'll fight him off, and if he tries to take it we'll—"

"Hush, Boy, there's no reason to take on this way. What makes you think he'll try to drive us?"

Big McTavish stood up straight. Something of the boy's spirit had entered into him for an instant.

"You see, dad, we're poor. That is, we have no ready money, though we have everything we need for comfort. Then we're lackin' in that somethin' called sharpness among businessmen. We've never learned it. We are like the other wild things that creep far back into the woods before what they can't understand. We don't know their ways. I tell you, Hallibut would steal this bushland from us, and he's goin' to try. It's valuable. There's enough walnut and oak and the highest class of timber on this place to make us rich—rich, d'ye know that, dad? And ain't Hallibut and his agents trying to get every other bushwhacker under their thumbs same as they're tryin' to get us? But, dad, listen—they won't get us; by God, they won't get us."

The lad was trembling and his face was white and perspiring.

(To be continued.)

The reign of King Alfred is perhaps the most important in English history, from 871 to 901, for in his reign the change from disorder to order occurred, from a country overrun with robbers to a realm thoroughly at peace and under wise control.

Canneries For Southern Alberta

Greater Production of Small Fruits and Vegetables Will Bring New Industry

So far canneries in Canada have been confined to the east and to British Columbia. But the extension of irrigation in Southern Alberta and the introduction of intensive farming in the irrigation tracts which will follow the breaking up of the large farms will result in the greater production of small fruits and vegetables. The pea canning industry has already been considered and will doubtless become established in due course. As is the case with so many other industries, its advent is dependent on closer settlement and the availability of labor. But every natural need for the industry will be present with irrigation extension and the canning industry will develop when the time comes. There is no part of Canada which can produce vegetables as can irrigated land in this district, for with its long summer days with intense sunshine and comparatively long season, vegetables are able to reach their maximum growth very quickly, reducing costs to a minimum.

Catarrh Cannot be Cured
by LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE will cure catarrh. It is given internally and acts through the blood in the mucous surfaces of the system. HALL'S CATARRH MEDICINE is composed of some of the best toilet known, combined with some of the best blood purifiers. The perfect combination of all ingredients. HALL'S CATARRH MEDICINE is what produces cures in the treatment of Catarrh. Druggists &c. Testimonials free. F. J. Cheney & Co., Frisco, Toledo, O.

Paper Clothing

Every Kind of Material Has Been Manufactured from Paper Yarn.

Though paper clothing was invented a hundred years ago, it was never made any real use of till 1873. Germany found herself cut off from the world's supplies of cotton and wool.

In 1917 alone over 45,000 tons of paper in Germany was converted into paper yarn, and it is made from the best quality of paper. The paper is cut by special revolving knives into strips of little less than half an inch wide. The strips are twisted and then treated with a special mixture to preserve them from damp. After this treatment the paper yarn can be woven into almost any kind of material varying from coarse canvas to cloth used for making sheets, underlinen, and so on. Every kind of material usually made from cotton or wool has been manufactured by Germany from paper yarn. Blankets, dress materials, waterproofs, even towels and stockings, are made from yarn which stand sending to the laundry almost as well as ordinary cotton goods.

Persian was the court language of India for at least two centuries before the English conquered the country, and was the official language of the courts of British India up to a comparatively recent period.

Do you want to know more about dogs? Write to the author, Mr. H. C. GLOVER, 111 E. 40th St., New York, U.S.A.

Lampman Coal.

New Saskatchewan Coal Mine Is To Open Shortly

Coal mining operations will be commenced at the new coal field near Lampman, Sask., within the next sixty days. This field is being developed by the Farmers' Coal Mining Company, Ltd., a company owned and operated by the farmers of the district.

The shaft has already been sunk to a depth of 170 feet and the coal bed lies at a depth of 210 feet. This coal has been shown from analytical tests to have a calorific value of more than 12,000 British thermal units, and is of high grade. When fully developed the mine will have a capacity of 1,000 tons a day. This will take some time, however, as it will be necessary to do a large amount of work in channelling and tunnelling away from the shaft before maximum capacity will be reached. In the meantime the work is being rushed to completion and coal will be brought to the surface within the next two months.

Fruit Prospects Promising

Indications For the Fruit Crop in B. C. Look Now Be.

Prospects are bright this season for a heavy fruit crop, states a report from Mission, B. C., despite the late spring opening prevalent throughout the west. Bumper crops of raspberries especially are expected. Strawberry picking will be in full swing by the middle of this month from all indications, and raspberries and loganberries will engage all the energies of the pickers about a month later, with black currents demanding attention towards the end of July.

Five hundred strawberry pickers alone will be required by the middle of this month in the Mission district, while the raspberry and loganberry crops will provide employment for thousands of pickers.

The great fire of London occurred Sept. 2, 1666. It destroyed nearly the whole city.

D. C. MACABROW, General Manager.

Report of the Auditors to the Shareholders of The Merchants' Bank of Canada.

In accordance with the provisions of sub-sections 18 and 20 of Section 56 of the Bank Act, we report to the shareholders as follows: We have examined the books and accounts of the Bank and other accounts as the Chief Office of the Bank and the several branches and have checked the cash and verified the securities of the Bank as to the value of the same. We have also examined the books and accounts of the Bank and have found them to be correct and in accordance with the books of the Bank.

We have obtained all the information and explanations we have required. In our opinion, the transactions of the Bank which have come under our notice have been within the powers of the Bank, and the above balance sheet is properly drawn up in accordance with the provisions of the Bank Act, according to the best of our information and the explanations given to us, and as shown by the books of the Bank.

COUNTER CHECK BOOKS

Provide the only means by which you can keep an absolute accurate check on your sales. The new luxury tax and sales tax makes it necessary to keep such a record. We make sales books suitable for any line of business, with either duplicate or triplicate copies.

TRIPLICATE BOOKS

There is a heavy demand just now for triplicate books. We make a great variety of triplicate books, both in separate carbon leaf and black back style.

Write us for sample and prices before placing your next order, or ask any of our agents to give you this information.

Vegetable Parchment Butter Wrappers

We are in the best position of any firm in Canada to fill your order promptly for parchment butter wrappers, either printed or plain. We are large importers of this brand of papers, and have special facilities for printing wrappers in either one or two colors of ink.

WAXED PAPERS

We also manufacture a complete line of waxed bread and meat wrappers, plain or printed, waxed paper rolls for home use, and waxed papers for all purposes.

Our equipment is the most modern and complete to be found in Canada. Our goods are first class and our service is prompt. Let us prove this to you on your next order for Counter Check Books, Parchment Paper, or Waxed Paper.

Immense Mineral Wealth

Iron Deposits on an Island in the Hudson Bay.

Claiming that they have located an island in Hudson Bay on which there is 400,000,000 tons of iron ore in sight, enough to supply Canada for a century, as the ore is partly banded, two prospectors are leaving Toronto en route to the discovery point.

With them on railway flat cars they are taking out flat-bottomed barges, a 45-foot towing power launch, specially constructed to stand heavy seas, and two smaller launches. In addition, they have a carload of provisions which represents two years' supply.

Samuel Sainsbury and E. E. Laduke are the two discoverers who are starting back in again with their simple grub stakes furnished by Toronto men. They made the discovery in Belcher's island, on the east coast of Hudson's Bay, and in Quebec. This island, they claim, is improperly shown on the maps. It is really much larger than shown, being 70 miles long, with a fresh water lake 30 miles in length. The pair also claim that nearby islands have huge deposits of iron ore.

The party and equipment goes to Cochrane and will use the power launch to tow the barges down the Pagwachewan river to Moose Factory and from there to the treasure island. On the sides of the flat cars a sign reads: "On to the Bay." They have placed to help boom the proposed extension of the T. & N. O. northward.

Guests of a day never know how a husband and wife really get along together.

When a man buys groceries he likes to begin at the cigar stand.

Could Not Sleep

Mr. Ernest Clark, Police Officer, 338 King St. N., Kingston, Ont., writes:

"For three years I suffered from nervousness and sleeplessness. I believe my condition was brought about by overwork. I had frequent headaches, neuralgic pains and twitching of nerves and muscles. I had indigestion, was short of breath and easily tired. I commenced a treatment of Dr. Chase's Nerve Food, and seven boxes of this medicine cured me of all my symptoms. I am now feeling one hundred per cent. better than I was, and have to thank Dr. Chase's Nerve Food for the good health I am now enjoying."

Dr. Chase's Nerve Food, 50 cents a box, 4 for \$2.00, all druggists, or Edmondson, Bates & Co., Ltd., Toronto.

Merchants Bank Reports A Good Year's Growth

Increase of Assets Was Nearly 31 Million Dollars, While Deposits Increased \$24,900,000

The annual statement of the Merchants Bank of Canada, for the year ending April 30th, shows a remarkable increase both in the volume of business and in the strength and character of the assets, as well as in the profits derived by the shareholders of the Bank.

The total amount of assets is now in excess of 197 million dollars, being an increase of nearly 31 million dollars for the year. About \$2,000,000 of this increase is not accompanied by any increase of liabilities to the public, being due to the issue of \$1,400,000 of capital stock, now fully paid up, and to the increase of the Rest Fund by \$700,000 of premium on the new stock, and \$700,000 out of profits. The chief cause of the increase in the volume of business is the growth of deposits which are now over 163 million dollars, and have increased during the year almost \$25,000,000.

Against its total public liabilities of just under 180 million dollars, the Bank holds quick assets amounting to over seventy-two and a half million dollars, or a ratio of nearly 40.81 percent.

In spite of the strength of its liquid position, the Bank is doing an immense amount of work for the assistance of current business in Canada. As is shown in the current loans and discounts of the Dominion, which now total \$113,198,913.

Net profits for the year were the greatest in the history of the Bank, amounting to \$1,686,156, an increase of \$300,000 over the previous year. A bonus of 1 percent, was added to the regular 12 percent dividend, so that the total distribution to the shareholders amounted to \$1,060,286, while \$700,000 was added to the Rest Fund, and \$100,000 was written off Premium Account, the balance carried forward being \$260,774.

The average amount of stock ranking for dividend during the year was about \$9,200,000, so that the average earnings were at the rate of about 20.48 percent, but the capital employed in producing these earnings was not only the paid-up stock, but also the corresponding amount of Rest Fund, which is similarly the property of the shareholders.

The entire statement reflects the highest credit upon the directors, headed by Sir H. Montagu Allan, and the General Manager, Mr. D. C. Macarow.

Better Health Train

To help in the combating of diseases and to give reliable information on all sickness, the Social Service Council of Saskatchewan has suggested the means of sending out a "Better Health Train," which will travel throughout the province and spread this information. A bulletin of the proposed idea, prepared by the Rev. W. P. Beckie, secretary of the council, will be circulated through the province within the next few days. The bulletin gives an outline of the recent social service work in the province, list of social service measures adopted by the provincial and Dominion governments, and a list of the measures now urgently needed.

Does anyone really understand you? Do you understand yourself?

Peace River Country To Be Filmed

Federal Government Will Grant \$2,500 Toward Expense

With a view to bringing more public attention to the Peace-River country, the federal government has acceded to the request of H. A. Mackie, member for Edmonton, for a grant of \$2,500 toward the expense of securing moving pictures of the activities north of the Alberta boundary. The film man, together with geologists, will go from Montreal to Edmonton and from thence go north to navigate the Peace River, the Athabasca, Great Slave Lake, and the Mackenzie River to Herschel Island, covering in all over 3,000 miles. At one stage the party will have an eight-mile tramp, this being between Fort McMurray and Chipewyan.

Speaks Right Out and To The Point

MISS LADERONT SAYS DODD'S KIDNEY PILLS HELPED HER KIDNEY DISEASE

Bigwood Lady Points the Way to Health to the Weak, Weary, Nervous, Run-down Women of Canada. Bigwood, Ont., June 14th (Special). "Dodd's Kidney Pills relieved me of kidney disease."

That is the statement of Miss Laurence Laderont, a highly esteemed lady living here. It is short and to the point. There can be no misunderstanding of its meaning. It is a clear and ringing message to women all over Canada. It tells them where they, too, may find relief.

For ninety per cent of the ills from which women suffer come from weak or diseased kidneys. They are the culprits that strain all the impurities all the seeds of disease out of the blood. If they fail in this work the impurities remain in the blood and are deposited all over the body. The results show themselves in weakness, backache, dizziness, and rheumatism. Ask your neighbor if all these diseases couldn't be avoided by using Dodd's Kidney Pills to strengthen the kidneys.

True friends are those we feel like kicking because they point out our faults.

Faint and Dizzy Spells. Weakness and Shortness of Breath.

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular beating, smothering sensations, weak, sinking, all-over feeling, choking sensation, etc.

Many men and women become run-down and worn out when either they could be strong and healthy if they would only pay some attention to their sign of heart weakness. No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to healthy and normal condition as Milburn's Heart and Nerve Pills. Mrs. A. S. Drake, Paris, Ont., writes: "I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting dizzy spells, once in a while, and also weakness and shortness of breath, and would become so choked up at times I could hardly sleep without sitting up in bed. After walking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully. I have improved very much."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Plain Enough.

Counsel—Now, tell me, where did he kiss you?

Plaintiff—On the lips, sir.

Counsel—No, you don't understand. I mean, where were you?

Plaintiff (bushing)—In his arms, sir.—London Tit-Bits.

PIMPLES ITCHED AND BURNED

Face Was Badly Disfigured. Cuticura Soap and Ointment Healed.

"Small red pimples and blackheads began on my face and my face was badly disfigured. Some of the pimples festered while others scaled over and there were places where the pimples were in blisters. They used to torment me terribly. I saw an advertisement for Cuticura and I tried them. They stopped the itching and burning and I used four cakes of Soap and three boxes of Ointment which cost me nothing. (Signed) Miss V. A. Havne, Sturmont, N. S., Dec. 24, '18."

See 50c Ointment 25 and 50c Soap. Cuticura Soap and Ointment. Cuticura is made in Canada.

Difficulties of a Garden

The delights of a garden don't need classifying, but some of the difficulties do. The first is to find the right place in which to make the garden. It should be in a locality where the sun will shine on it for at least five hours each bright day. It should not be where the soil is so thin and the rocks so near the surface that the garden will burn out during the summer. It should not be under or near large trees; the trees will not only keep the sun off, but will draw all the moisture and plant food from the soil. Nor must the garden be in a spot that gets flooded.

BUSINESS GIRLS AND TEACHERS

Suffer From Overtaxed Nerves and Often a Complete Break-down

Thousands of earnest, intelligent young women who earn their livelihood away from home in the school room, in public offices, and in large business establishments, are silent, suffering victims of overwork, nervousness and deficiency of strength. Weak, breathless and nervous, they work against time, with never a rest from headaches and backaches may every hour seem like a day. Little wonder they feel sure they are fast going to pieces. Their eyes are dull and shrunken and beauty slowly but surely fades. Business women and girls because of their work and worry, look older than their years. What they need is the frequent help of a true, strengthening remedy to carry them through the day. Dr. Williams' Pink Pills are the actual food to the starved nerves and tired brain of the business girl. By making rich red blood they supply just the kind of help girls need to preserve their health and energy, and their good looks. Dr. Williams' Pink Pills bring bright eyes, rosy cheeks, high spirits and thus make the day's duties lighter.

Mrs. Mary H. Hunt says: "Many people think of the life of a school teacher as one of comparative ease, with short hours and holidays plentiful. But the reverse is the case. When one has to stand day after day in front of a complete new brood of children, with the worries great and small, from handling children, it begins to tell upon even the strongest, and especially upon the nerves. I had been teaching about five years and was then located at Springfield, Ont., when I found I was far from having the vitality I started out with. Before my term was out I was in a complete nervous breakdown. I tried doctor's medicine and it helped, but only for a while. I then tried hydropathic treatment, but with no results. I suffered from loss of appetite, sleep poorly, was nervous and troubled with vertigo and headaches. Holidays came and I tried a change of schools, but got into a harder place every year. I had overworked my nerves. There were days when it seemed impossible for me to carry on. I was in this state, my sister who had also been a teacher, strongly advised me to try Dr. Williams' Pink Pills. I bought a box and the first time I had finished my second box, I felt that the pills were helping me. I was able to do my work and I decided there was no necessity for continuing the treatment, as I had never felt better, and was able to do my work. I have used Dr. Williams' Pink Pills with plenty of fresh air, worked wonders in my case and I should advise the use of them to any other run-down teacher."

You can get Dr. Williams' Pink Pills from any dealer in medicine, or by mail, post paid, at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The United States has seven times as many illiterate per capita as has Denmark.

Cellulitis is not affected by water or air.

Keep Minard's Liment in the house.

A Keen Man.

It was dark and late at night, as a horseman could be heard approaching a territorial camp.

"Halt!" Who's there?" barked a voice.

"Regimental commander."

"Dismount and advance to be recognized."

The colonel dismounted and came over to the soldier, who presented arms with a snap.

"Proceed, colonel!" he said.

As he took ready get back on his horse the colonel asked:

"By the way, who posted you there?"

"Oh, nobody!" replied the sentry, "I'm just practicing!"

Gold In Sea-Water

Every ton of sea-water contains about one grain by weight of gold. There are more than 4,000,000,000 tons of water in a cubic mile, and the oceans are estimated to contain 300 cubic miles of water. Thus, according to this reckoning, there are about 90,000,000,000 tons of gold in the seas or more than in all the gold mines that have ever been discovered.

B C Farmers Unite.

Amalgamation May Result in Entry Into Politics

Formation of a United Farmers' body in British Columbia is assured as the result of the adoption of a resolution at the joint convention at Kelowna of the farmers' institutes and United Farmers, adopting the constitution as revised by the joint committee and pledging each member to make the amalgamation a success.

This action is the initial step in the formation of what is added to be a United Farmers' organization pledged to work for the best interests of the farmers as a whole, and if necessary, to enter the political field and gain the privileges and protection desired.

MINARD'S LINIMENT is the only Liniment asked for all over the world and the only one we keep for sale. All the people use it.

LET "DANDERINE"

SAVE YOUR HAIR

Get rid of every bit of that ugly dandruff and stop falling hair

A little Danderine cools, cleanses, and makes the feverish, itchy scalp soft and pliable; then this stimulating tonic penetrates to the furnished hair roots, revitalizing and invigorating every hair in the head, thus stopping the hair falling out, getting thin, scraggly or fading.

After a few applications of "Danderine" you seldom find a fallen hair or a particle of dandruff, besides every hair shows more life, vigor, brightness, color and thickness.

A few cents buys a bottle of delightful "Danderine" at any drug or toilet counter.

Back to the Land

The house shortage in the west is boosting the "back to the land" movement, and the situation is being relieved by the exodus of city people to the country, according to the officials of the railway lands' department. They estimated that about 100 families per week have been leaving Winnipeg since the first of May.

Minard's Liniment Lumberman's Friend.

Exportation of Power.

About 200,000 horse-power generated on the Canadian side of Niagara Falls, and belonging to this country, is exported to the United States. If the politicians at Washington were to deny us coal, in order to compel free access to our pulp-wood for their exploiters, this power would be immediately necessary at home. It is necessary now, so far as that goes.—Mail and Empire.

Financial Problems

Of Bulgaria

Like most other European countries, Bulgaria's financial problem is serious. Facing an indemnity to the allies of \$450,000,000 and a national debt of several billions, she has a gold reserve of only \$7,394,000 and a silver reserve of \$3,5

Of Local and General Interest

Mrs. Conway and Miss Hall visited Fernie on Tuesday.

The price of domestic coal in Newfoundland is now \$20.80 per ton.

Rev. R. E. Newman has been appointed Methodist pastor for Hillcrest.

A number of towns in Newfoundland are in danger of being swept by forest fires.

A foreigner at Lethbridge bit the finger off a friend of his and paid a fine of \$10 for the privilege.

WANTED TO BUY—Two steam boilers of 60 and 100 n. p. respectively. Apply to P. N. POTAPOFF, Cowley, Alberta.

Over two hundred cases and two hundred gallons of liquor were seized in a room in an annex to a Fernie hotel.

F. W. Doubt has been appointed grand outside sentinel of the British Columbia Grand Encampment of the I. O. O. F.

The first day of spring reached the Crow's Nest Pass about a week prior to midsummer's day. Of course, we are living in the famous Sunny Alberta.

Rev. and Mrs. W. T. Young returned on Sunday morning last from Edmonton, where they had been in attendance at the annual Methodist conference.

M. Belecky paid a business visit to Calgary this week.

H. Alie, one of the oldest residents of town and one of the pioneer bakers, is very ill.

Local Oddfellows and Rebekahs will meet at the I. O. O. F. hall on Sunday at 1 o'clock, preparatory to proceeding to the Hillcrest and Bellevue cemeteries for decoration ceremonies.

The body of Roadmaster Teller, who disappeared mysteriously from an Elkton hotel about twenty days ago, was found in the Elk river near Waldo in a very decomposed condition. The body was taken to Fernie yesterday, where arrangements for inquest and burial will be made.

Hon. Archie McLean was down from Edmonton this week and incidentally took several "bumper" trips over our beautiful (?) Pass roads. Archie is said to be very poor sighted, which no doubt accounts for the fact of his not noticing the almost impassable condition of some of the roads in this southern part of his constituency.

A sitting of the district court is being held here today, presided over by Judge McNeill. Several cases are being adjudicated upon, one of the most important of which is the claim of Mr. A. May against the U. P. R. for \$700 damages, as a result of a train collision with his auto in November last. Mr. Putnam is appearing in behalf of the plaintiff, while Mr. McCaig, of Calgary, is for defendant.

Hillcrest Happenings

H. Lewis, of Stafford, England, brother of Mrs. George Mansell, arrived in town last week with intention of residing here.

James Price has purchased the house moved here from Frank to a site in The Park Row.

Miss Margaret Foster, of Cranbrook, is spending a few days with her parents and celebrating her 21st birthday.

Frank Lote, secretary of the fire-bosses' association for this district, spent several days in Calgary in connection with the new agreement.

A certain allotment holder was noticed late one night last week by several persons with a glow worm in his hand, looking for grubs. At a distance they looked like the first series of electric lights which the coal company promised to set up from the village station about the time the war started. Nothing worse than a disappointment, especially in spring.

Ed. Royle, superintendent of the Mine Rescue Car, is busy these days training teams from Bellevue, Blairmore and Coleman for the mine rescue and first aid contest to be held at Drumheller on July 1st and 2nd, and whilst he is very quiet about it, it is no secret that a supreme effort will be made to land the premier prize for the Crow. There will be some tall stepping at the contest. Mr. Charbonnier, general manager for the West Canadian Collieries, has donated a special prize of \$50.00. The only camp that will not be represented is Hillcrest.

The football season opened here on Saturday, Blairmore being the visitors. After a good pleasant game, Blairmore retired victors by 2 to 0. We have no excuse to offer at all, but are good enough sports to admit that Blairmore won on their merits. They seem to have a well-balanced team this season, and if they stick together, there is no doubt but that they will give a good account of themselves. But, wait, revenge is sweet.

There was a woman from Lust, She ate buns until she bust. It was not the crumbs That stuck to her gums— What caused her demise was the crust.

The "L. B. K." Store features, all the time, Special Values in Quality Foodstuffs.

Mr. Hatch, representing the John Martin Paper Co., of Calgary was in town on Saturday last.

Watch for "Pal o' Mine," a bewitching and sparkling comedy in three acts, with music and songs—Coleman Opera House.

FOR SALE—McLaughlin Baby Six, in A 1 shape. This is a snap. Terms to responsible party. Apply to J. Greenek, Frank, Alta.

The second dance to be given under the auspices of the teachers' alliance, took place at the opera house on Friday night last and was a decided success.

Blairmore is to have a new factory, in which will be manufactured glass eyes for blind, pigs. There should be a good market locally for such commodity.

Two football games of the league series were played on Saturday evening last. Bellevue played to defeat at Coleman to the tune of 5-0 and Blairmore scored two to none against Hillcrest.

Oddfellows' decoration service will be held at Coleman on Sunday, the 27th.

The medical men of the district held a conference, on matters affecting their profession, at Crow's Nest Lake on Sunday afternoon last. Those present included Drs. Garner and Corran, of Fernie; Dr. Weldon, of Michel; Dr. Beaman, of Bellevue; Dr. MacDonald, of Hillcrest; Dr. Oliver, of Blairmore; and Dr. Davis, of Coleman.

Big Show Coming to Coleman Opera House

On Monday next, June the 21st, the big musical show, "A Night in Honolulu," will appear at the Coleman opera house. This is a first-class company of actors, singers, musicians, entertainers and dancers, and come to Coleman highly recommended. They played last week at the Grand theatre, Calgary, and Calgary newspapers gave them good boosts. They carry all their own special scenery and electrical equipment. One exciting and realistic scene shows a big burning, smoking volcano in full action. A troupe of real native Hawaiians will sing and play a number of their harmonious melodies—that dreamy Hawaiian music that everyone loves to hear and never tires of. Miss Una Carpenter, a sweet, pretty girl, will introduce the famous native "Hula-Hula" dance, an artistic and refined dance—not the vulgar display people are accustomed to see. This is a good all-round meritorious company, playing only in the principal cities, and has been secured for Coleman through special effort on the part of the opera house management and urgent request from leading Pass citizens.

Crows' Nest Pass Football League (Alberta Branch)

The above League, got off to a good start on Saturday last, when Coleman defeated Bellevue by 8-0 in a very much one-sided game, and Blairmore won over Hillcrest to the tune of 2-0.

The games on Saturday next will be as follows: Blairmore versus Coleman at Blairmore—Reference J. Bain, of Hillcrest; Bellevue versus Hillcrest at Bellevue—Reference W. Fraser, of Coleman. Games called at 6:30 p.m.

The following is the present standing:
Played, W. L. D. F. A. Pts.
Coleman..... 1 0 0 8 0 2
Blairmore..... 1 0 0 8 0 2
Hillcrest..... 1 0 1 0 0 2
Bellevue..... 1 0 1 0 0 8
Two points for a win and one for draw.

Blairmore School District No. 628 By-Law No. 4

A BY-LAW relating to the issue of Debentures of the Blairmore School District No. 628, of the Province of Alberta.

WHEREAS it is necessary and desirable that the sum of \$14,000.00 (Fourteen Thousand Dollars) should be borrowed on the security of the Blairmore School District No. 628 of the Province of Alberta, for the purpose of erecting an additional two rooms to the present building; also equipment, apparatus, and furniture for same, and installation of a septic tank and repairs to property, and that debentures covering same should be issued repayable to the bearer in 10 equal consecutive annual instalments with interest at the rate of not more than six per centum per annum.

NOW THEREFORE, The Board of Trustees of the said School District enacts as follows:
(1) That the necessary proceedings be taken under the school ordinance to obtain the sanction of the Board of Public Utilities Commissioners of Alberta to the said loan.
(2) That upon the Board of Public Utilities Commissioners authorizing in writing, the Board of Trustees to borrow the said sum, pursuant to the said ordinance, debentures of the said district be issued for such amount as is so authorized, payable to the bearer in 10 equal consecutive annual instalments with interest at not more than six per centum per annum, payable annually, and said debentures shall be executed by the Chairman and Treasurer of this Board.
A. HAMILTON, Chairman
J. B. HARMER, Secretary-Treas.

NOTICE TO CREDITORS AND CLAIMANTS

In the matter of the estate of ALEXANDER McLEAN, late of the town of Coleman in the Province of Alberta, agent, deceased.

NOTICE IS HEREBY GIVEN that all persons having claims upon the estate of the above named Alexander McLean who died on the 28th day of September, A. D. 1916, are required to file with the undersigned, Messrs. Barristers, Solicitors, Lethbridge, Alberta, Solicitors for the said Estate, by the Tenth day of August, A. D. 1920, a full statement duly verified of their claims and of any securities held by them, and that after that date the Executor will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which—notice has been so filed, or which have been brought to his knowledge.

DATED this 12th day of June, A. D. 1920.
SHEPHERD, DUNLOP & RICE,
Lethbridge, Alberta,
Solicitors for the said Estate.
